Villa 2  1  1 

Investment Opportunity

Don't miss this great opportunity to enter the investment market. Currently occupied by a caring tenant with a lease in place until September this year, this light and airy villa represents good value for money. Large, modern tiles flow through the kitchen/dining area that also includes a handy study nook. The lounge is spacious and has an easterly aspect to capture the morning sun. The clever design uses high ceilings and glass to ensure a sense of light and space. The two generous bedrooms both include robes and ceiling fans. The bathroom has shower, bath and vanity with separate toilet. The undercover entertaining area at the rear provides the perfect spot for alfresco dining or outdoor games on rainy days.

This villa has style and class and surely wont last long on the market.
